# BARN OWL

## The Enemy Within

Since the days when British troops patrolled the streets of the colonies, Americans have wanted armies out of our business. Our laws have specifically kept the U.S. military out of the chaos of daily politics. They have not been allowed to work in favor of one group or another – and **they have been restricted from any law enforcement activity against the U.S. population.**

But President Trump says he wants to use the military against American people. He says that America has been “invaded” by **“radical left lunatics” groups like ANTIFA and Hamas supporters.** He says cities like Chicago and Portland are “war zones” even though their mayors say everything is fine. Because he calls this a “national emergency,” he wants to invoke the **Insurrection Act.** This would bypass the law that protects U.S. citizens from U.S. Army control. **He says he wants to go after what he calls “the enemy within.”**

As he explained to the assembled U.S. Generals and Admirals at Quantico VA, **“This is going to be a big thing for the people in this room, because it’s the enemy from within, and we have to handle it before it gets out of control,”**

Trump has also put this idea in writing. **NSPM-7**, a new national security directive, says **anyone with “anti-Christian” or “anti-capitalism” or “anti-American” views are domestic terrorists.** (Trump and his allies will decide what “Christian” and “American” will mean.) **NSPM-7** lets the government break up and punish groups **based on their beliefs - not on their actions.** But Trump thinks **anyone who is against his administration is “anti-American.”** His government has given itself permission to treat the American people as the enemy.

The NSPM-7 also allows the Justice Department to target non-profit groups that support “progressive causes” of any kind. This chills free speech and the freedom to unite to express an opinion as guaranteed in the first amendment to the constitution.

Trump won the 2024 election with **49.8% of the national vote. 50.2%** of all voters voted against him. **Trump sees that 50.2% as his enemy.** If you oppose him now, you are called a “radical left lunatic” whether you are protesting against the dictatorship he is building or upset about soy bean prices. As his power and control increases, it won’t matter what you are upset about. You become the “enemy within.” That’s how power works when it’s out of control.

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle.
