Why does Biden hate America so much? China loves the Biden family enough to send them 31 million dollars. I wonder what they expect in return? Biden is destroying our Oil Industry and then send them millions of barrels of oil. Now we have to have electric cars overnight. Told Putin to invade Ukraine and told 5 million parasites to invade our Southern Border.

We are being destroyed from within. Biden has weaponized our Department of Justice and FBI, the media and computer news restrict any good news from The Republican Party. The Democrats are all for that. They seem to hate America as much as Biden does. Please don't let America turn socialist. We have too many people who have fought and died to found and defend it and keep it free to let it die.

VOTE REPUBLICAN!  
GOD BLESS AMERICA!

IS THIS HOW WE “BUILD BACK BETTER”?

- Federal Government debt exceeded 31 Trillion dollars in October and will exceed 40 trillion in four years.
- Each taxpayer now owes over \$247,800 and will owe about \$300,000 in four years.
- The total government debt to GDP ratio is now 140% which will increase to 184% in four years. There is not enough productivity in America to sustain government spending and the debt is spiraling out of control.
- The excess government spending & money printing devalues the dollar and causes inflation.

WHAT ARE THE CONSEQUENCES SO FAR?

- 32% of Americans now run out of money between paychecks.
- 72% of Americans have less savings than a year ago and 29% have had their savings completely wiped out.
- 40% of adults are now unable to pay their bills.
- Has ‘Build Back Better’ made your retirement savings and 401k better?

INFLATION – THE OTHER (FREE?) GOVERNMENT BENEFIT PROVIDED BY RECKLESS DEMOCRAT SPENDING

# AND GOD SAYS . . .

Some time ago I listened to a video about acid reflux. The main point was that traditionally prescribed medicines are bad for you and there is a cheaper, better cure. I learned that eating an apple will stop the pain from acid reflux but only treats the symptoms, not the cause. To treat the cause will cost \$19.99 (now probably \$49.99). What a deal!

I share that story because it illustrates a major reason why I believe we are in the mess we are today—spiritually, culturally and nationally. I believe it is because we are busy eating apples, instead of dealing with the root problems. In fact, I wonder if we even know what the real problem is so that we can deal with it.

Psalms 11:3 says, "When the foundations are being destroyed, what can the righteous do?" As Christians we are kept busier than ever fighting battles on every hand—marriage, family, abortion, socialism, individual freedoms, etc., but we do not seem to be making any headway. In fact it appears that we are losing ground. Why is this so if the Lord is on our side? Could it be that the spiritual foundation of our nation has been eroded to the point that it is in danger of collapsing.

Maybe it is because the proverbial boy has taken his finger out of the spiritual dike and the dike collapsing. It started with a little leak. It was left unattended and people became desensitized to it and came to think it acceptable and then normal. Slowly they came to accept the abnormal as normal, and called those who cried out warnings, "Fanatical!" and in anger accused them of hate speech. They even enjoyed the extra water flowing through the dike although they had to build more dikes (laws) to protect their homes and cities.

As believers, the foundation of our faith is the Word of God. But just as Satan challenged Eve, by saying, "Did God really say ... " so we question his word the same way. "Did God really say He created the world in six days?" Once we yield even the smallest point the whole is weakened and eventually fails. We are now at the point of questioning Jesus as the way of salvation. No wonder Christianity is lacking in integrity and is powerless to effect real change.
