AND GOD SAYS...

See to it that no one takes you captive through hollow and deceptive philosophy, which depends on human tradition and the elemental spiritual forces of this world rather than on Christ. (Colossians 2:8)

Last week I wrote about the celebration of the 250 years of freedom we have enjoyed in the United States of America. Even while no other nation in the world has so many people trying to invade our borders to enjoy our freedoms, it seems to me that we are at the critical point of losing those very freedoms that make this nation so great. As I read about current events in America, I wonder if we can remain a free nation for just another 50 years, let alone another 250 years.

Why do I question our future? Just consider all the things that are happening: pastors arrested in several states for preaching the gospel, the growing intolerance, in the name of tolerance, for rationally discuss differing views on the basis of merit, the rapidly growing number of socialists elected to major offices, the personal hostility/hate against our leaders encourage by the media, the selective use of hate-crimes to aggressively attack those who differ from mainstream popular causes, the growing success of our schools and universities to indoctrinate our young people rather than teach them truth, and the growing elimination of the awareness of God in our daily lives and values, to name a few.

If you notice in the Scripture quoted above, that the philosophy accepted by the world is, first of all, deceptive, secondly, it takes one captive and thirdly, it is not based on the truth of Christ, who is truth. It will, therefore necessarily lead to failure and death (Romans 8:12-13).

It stands to reason, then, that we must clearly teach the whole truth, not only that you need to put your trust in Jesus, repenting of your sin and choosing to live for him, but what that looks like in our everyday life specifically. The grace God extends to us is not only for eternal salvation, but for living godly lives today (Titus 2:11-12). It means, if we really teach the fulness of the truth of Jesus, we will necessarily find ourselves in conflict with the popular values of the world (Matthew 10:22). If we do not find that to be true, I wonder, are we really teaching the whole truth clearly?

BARN OWL

THE VALUE OF OUR WORK

What is the value of the work we do? One way to measure the value of work is to look at the amount of money (wages) we earn. Wages go up or down depending on the skills needed for a job, how many people can also do that work, and any other pressures that keep the wage higher (such as union contracts.)

Early economists believed in the **Labor Theory of Value**. The theory says that objects don't have an inherent value. They become valuable because people put work into them. For example, coal in the ground has a speculative value. But **human labor** is needed to bring it to the surface and be processed for it to be of any value. Jobs that require more skill create more value.

In business, this theory has been replaced by the **Subjective Theory of Value**. This says something's value is based on what the buyer thinks it's worth, not by the work put into it.

At its most crude, the value of work is what it takes to keep a worker fed, sheltered and able to return to work the next day. This is called the **Iron Law of Wages**. That seems to be the purpose of the federal minimum wage.

The first federal minimum wage was created in the **Fair Labor Standards Act of 1938**. The goal was to provide a **"living wage"** for those who worked. President Franklin D. Roosevelt said a living wage should be "more than a bare subsistence level ... the wages of a decent living."

The federal minimum wage is now \$7.25/hour and has not increased since 2009. Tipped workers can get \$2.13/hour. A worker under age 20 can be asked to work for \$4.25/hour. (Caddies get 5.90/hour for 9 holes.) Minimum wage pays \$15,080/year. The U.S. poverty level for one person is \$15,060/year. This is called a **"poverty wage."** You may be able to live on this if you share rent, have no car, buy the cheapest of everything, stay at home and ask for help from charities or the government.

A **"poverty wage"** is not a **"living wage."** The Massachusetts Institute of Technology (MIT) **Living Wage Calculator** estimates the living wage for a single person in Wisconsin at \$21.88/hour. One adult raising one child needs \$39.94/hour. Two working adults with one child need wages of \$22.72 each.

While most people do not work for minimum wage, our government, both Democrats and Republicans, decided that a poverty wage is acceptable for their citizens. They consider that the lowest value of your labor.

Pet of the Week

“ALFIE”

Alfie is the
CCHS Pet of the Week!

Alfie is a one-year old neutered male Brown Tabby who weighs 7.6#. This handsome young guy came to us as a stray, and while his journey hasn't been the easiest, he's proving just how resilient he is. Alfie recently underwent hip surgery and is recovering well, but he'll need a family that understands his ongoing needs and is willing to give him the time and support he deserves. Don't let that fool you into thinking he's fragile, though. Alfie's favorite thing in the world is people! He loves attention, affection, and being the center of your universe. Whether he's soaking up pets, following you around, or curling up nearby, Alfie is happiest when he's with his humans. If you're looking for a loving companion and have room in your heart for a special cat who's ready for a fresh start, Alfie may be the perfect match. Apply for Alfie today! You can submit your adoption application on our website: www.cchs-petshelter.org/applying-to-adopt.

During the whole month of July, it's time for “Stars, Stripes and Shelter Pets” at CCHS! It's an adoption promotion for our adult dogs. Adoption fees will be just \$50 on select adult dogs. You will also get a special handmade surprise to take home, plus you can Spin the Wheel for an extra bonus gift! You can learn more on our website: <https://www.cchs-petshelter.org>. It's the perfect opportunity to add a wonderful new dog to your family, because every pet deserves the freedom to be loved!

Weston, the son of Nick and Andrea Kyser, was recently diagnosed at six months of age with Krabbe Disease, a rare and terminal genetic disorder that affects the brain. This life-changing diagnosis brings not only an emotional toll for all who know and love Weston, but also a significant financial burden for his family.

Weston's care will require specialized equipment, ongoing medications, and travel to see medical specialists. In addition, his parents will face lost income as they take time away from work to care for him.

THANK YOU FOR COMING TOGETHER TO SUPPORT WESTON AND THE KYSER FAMILY!
