- The Beef show crew: you were amazing!
- My fellow Livestock Superintendents; great teamwork this year.
- Fair Board for your efforts and support of the Livestock projects.
- The Sale Committee was their usual efficient team.

This is a big plus for the community to have such an awesome event. The families in the county are growing their herds, bringing more bred and owned to the fair. This is fantastic. To the new kids and their families, we are looking forward to the 2026 projects to keep this going!

# Back to School

## Be SAFE

## Be SMART

Welcome  
back to  
school

### ~Do a practice walk to school or the bus stop

Practice with your child on or before the first day of school, choosing a route with the fewest street crossings and avoiding deserted areas.

### ~Teach your child to never talk to strangers

Go over specific scenarios, such as a motorist asking for directions or assistance, or a stranger with a friendly pet, that may trick kids into interacting with a stranger.

### ~Teach kids what traffic signals and signs mean

Communicate the importance of obeying them. Remind kids to carefully cross streets at crosswalks, looking both ways twice and never entering the street from between parked cars.

### ~Go over school bus rules with kids

Remind them to stay seated throughout the ride. Teach kids to never approach or prepare to exit the bus until it comes to a complete stop, and to only cross at least 10 giant steps in front of the bus when exiting, so the driver can see them.

### ~Make sure your child knows your phone number

As well as your place of work, and his or her home address. Kids should also have a backup number for another trusted adult and know to call 911 in an emergency.

### ~Help organize your child’s backpack

Make sure it’s not more than 20% of his or her weight.

### ~Tour the school with your child

Meet the new teacher and find their classroom.

Level: Intermediate

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle.

CELEBRATING SUMMER SUCCESS AND LOOKING AHEAD TO FALL

From national stages to small-town parades, Hansen Auction Group has been making its mark this summer. Locally, Realtors Jamie Back and Jacob Lallemond achieved standout results in Western Wisconsin land auctions. In Buffalo Co, a scenic 17.2 Acres sold for \$11,000+ per acre & in Trempealeau Co, 105 Acres sold for \$9,000+ per acre, proving the combination of local expertise and the competitive energy of the auction method. Jacob also helped raise thousands for local charities at the Country Jam USA stage, including a \$10,000 winning bid on a guitar.

Beyond auctions, the Hansen team has been active in the community — waving along the Prairie Farm Dairy Days parade route, sponsoring Christmas in July for BASE in Fort Atkinson, and hosting both a school supply drive and an upcoming blood drive. Hansen Auction Group is proud to serve and celebrate the communities we call home and look forward to carrying that same energy into the busy and exciting fall season.
