PROTECT YOUR HOME WITH HIGH ROLLIN' GUTTERS LLC

WHY ARE GUTTERS SO IMPORTANT?

Your gutters do much more than catch rainwater—they protect your home's foundation, roof, siding, landscaping, and basement from costly water damage.

Without properly functioning gutters, water can:

- Damage your foundation
- Cause roof leaks and wood rot
- Wash away landscaping
- Stain siding and brick
- Lead to basement flooding

WHAT DO GUTTER GUARDS DO?

Gutter guards help keep leaves, pine needles, and debris out while allowing rainwater to flow freely.

- ✓ Fewer clogged gutters
- ✓ Less maintenance and cleaning
- ✓ Better water flow during storms
- ✓ Protects your roof, fascia and gutter system
- ✓ Helps prevent pests and insect nesting

BARN OWL

THE PRICE OF GOOD HEALTH

You have all known someone who has been sick. Most of you know someone who has died. And most likely you know someone who became very sick or died because something kept them from getting the care they needed. I know many people in my professional life who fit this description, and I know them in my personal life.

What are these obstacles?

- Some people are just plain stubborn. They don't believe they are getting older. They still think they are younger and can bounce back from injuries or illness like they used to.
- Some people don't like to be told what to do. They avoid doctors who tell them to change behaviors like drinking, smoking or bad diets.
- Some people put other people's needs ahead of their own when they should not.
- Some elderly people may fear losing what little they still feel they have in their control.
- Many people deny that their illness is serious. They hope it will just go away.
- And others know their illness is serious, but do not want to hear the truth.

These are all **natural obstacles**. They are common parts of being human. We struggle with our mortality and the thought that we will not live forever.

But there is one other obstacle that is common - but it is not natural. **It is artificial.** People avoid making appointments or seeking medical help - because they have to worry about the cost. When people know that the cost of the care is too expensive for their budget, they may put off the care. If they already know that a test, treatment or medicine they need is too expensive, they delay or cancel appointments. This becomes a grave obstacle to seeking care. They may know they are ill but they will wait a little longer. They wait until a small problem becomes a much bigger problem

Medical debt is a main reason people become bankrupt in the United States. The saddest part of this is that it does not have to be this way.

People in other wealthy nations face the same natural obstacles to getting medical care. They may be stubborn, afraid or in denial. **But the cost of care is not one of the obstacles.** In the United States, the cost, the insurance coverage, co-payments, paper work, prior authorization and waiting for approval all make it harder to get the care we need. We are so used to these problems that we think they are natural. **But they are not. We have other options.**

In Loving Memory Of
WILLIAM MC NULTY JR
April 5, 1923 ~ September 5, 2007

God said "I need somebody willing to get up before dawn, milk cows, work all day in the fields and milk cows again.
SO GOD MADE A FARMER

Dad – Thanks for the memories!

AND GOD SAYS . . .

For the LORD your God will bless you as he has promised, and you will lend to many nations but will borrow from none. You will rule over many nations but none will rule over you. (Deuteronomy 15:4-7).

Moses spoke these words to Israel as a promise from God for their future if they would just honor him by obeying him. But Moses prefaced these words with the individual outcome that will result from doing things God's way. He said, "There need be no poor people among you, for in the land the LORD your God is giving you to possess as your inheritance, he will richly bless you." (Deut. 15:4). However, this blessing was conditional for he went on to say, "if only you fully obey the LORD your God and are careful to follow all these commands I am giving you today" (vs. 5).

But since we don't live in a perfect society he also added these words, "There will always be poor people in the land. Therefore I command you to be openhanded toward your fellow Israelites who are poor and needy in your land" (vs. 11).

Now it is important to note that these words were given specifically to Israel. Yet it is important for us to discern the unchanging heart of God to bless those who believe and obey him, even in practical financial matters.

So how has this worked for America? Early as a nation we called ourselves a "Christian nation." Our founders diligently studied the bible to base our Constitution and laws on Christian principles . It seemed God blessed us as we tried to do things his way. But as it always seems to be the case, when we are successful we become proud and claim for ourselves the credit for our successes. We began to trust in ourselves and forget about our need of God. President Obama admitted this on June 28, 2006, when he declared that "we are no longer a Christian nation."

As a result of doing things our way instead of God's, our national debt is now almost \$40 trillion. That's almost \$120,000 for every single person in America. And it is climbing rapidly. Its estimated that the total national debt has grown by nearly \$70,000 per second for the past year."

So, what's the answer, more reliance on government or more reliance on God?

Pet of the Week

"JAGGER"

Jagger is the
CCHS Pet of the Week!

Meet Jagger, a little Terrier mix with a BIG personality! Jagger is 11 weeks old and weighs 9.5#, with a handsome short-haired coat of brown, tan and white. While he's supposedly an Aussie/Terrier mix, Jagger definitely seems to have taken after his Terrier side. He's energetic, curious, goofy, and always ready to turn absolutely anything into an adventure. Jagger is the kind of puppy who believes life is one giant game. He loves to explore, play, wrestle with his siblings, and make sure everyone knows when he has something important to say. He's got plenty of puppy energy and would love an active family who will give him lots of playtime, attention, training, and opportunities to be a silly puppy. If you're looking for a fun-loving little troublemaker with a whole lot of personality packed into one adorable body, Jagger might be your guy! You can submit your adoption application for Jagger on our website: www.cchs-petshelter.org/applying-to-adopt.

Do you have a love for cats and dogs and have been thinking it would be nice to help out at CCHS? Well, now's your chance! Whether it's a few hours a week, one day a month, or something in between, this is your opportunity to try it out. We are very much in need of volunteers! You can learn more and sign up on our website: <https://www.cchs-petshelter.org/volunteer> or email April at cchsoutreach1@gmail.com. Come join our CCHS volunteer family!
